

COLOR AND SOUND

I am exploding with excitement and do not know where to begin. We are in an exciting time. Last year God was putting everything into place...aligning hearts and circumstances. This year He is bringing about that which He has prepared. This is the year we will see so many things we have been waiting for, been praying for.

But I am so impatient. I want everything now. I am tired of waiting. What seems like a lifetime to me is but a blink of an eye to the Lord – how do I comprehend that? We need to think as He does, in the time span of eternity instead of the time span of our life. And, when I consider how many billions of people God must put into correct alignment in order to move one step ahead, I am humbled and awed. Why so many people? Because we are not in this alone. We are the Bride of Christ, all of us, joined, as one. That is what we were created to be even though, sadly, some of us, well, most of mankind, will never fill that position in the Bride. We can look all around us and see destroyed lives, robbed of their promise and inheritance lying shipwrecked on the rocks of despair. This is how effective Satan has been in his war against the Bride.

In Revelation the Bride has only one voice. Just as we shall have only one voice of complete unity...but we are not there yet.

Not all of us are in agreement. Christians are not in agreement with the world; they are not even in agreement with each other. I am not suggesting that we should be in agreement with the world, but they too were created to be part of the Bride. The gangs, the homeless, the drug dealers and users...they were first created to be part of the Bride too. But they are the foolish Brides that either did not take enough oil, or have no oil at all.

But regardless of our point of view, each one must be in place. What any one of us does affects not only our immediate sphere of influence, but has global impact as well as generational impact on our children. Our whole generation effects both our own outcome, and that of the world. Our generation effects the future. Not only are we not alone, we never act alone. We are responsible for our part of the *sound vibration* that we make.

For two people to come into agreement (even with a head nod) they have already verbally come into agreement by discussing the issues and declaring the terms of agreement. It requires the power of sound. And yes, I am aware that we can come into agreement not only through speech but through the written word, but even writing on paper or into computer requires sound – it makes noise. Everything we do produces a sound.

Sound vibration is an interesting phrase. As soon as I wrote those two words, I found myself in vision. The vision I see is that we all make a sound. Everything makes a sound. We are either in chorus or we are not...but this sound really has nothing to do with what we think of as sound.

I used to have a hard time standing beside people who cannot sing. They would throw me off because I am a “singing follower”. It bothered me. I wondered how God could stand it. Some voices are really good while others are so bad. How can a God who creates everything so beautifully leave some people completely tone deaf? Have you watched American Idol? Some of these people who sing so badly actually believe they sing beautifully. They really believe it! But to God, the sound of their voice is

beautiful. He does not have a grimace on His face like Simon does, saying, "That was utterly deplorable!" No, the Lord says, with a smile of complete love on His face, "You are so beautiful and I love to hear your voice! Sing more." No, the Lord actually has as much love and enjoyment in His heart for every voice that sings a song of love to Him. What people sound like does not seem as important to Him as it is to us.

How can this be?

Please don't be offended. It is the same for any talent, whether you paint, draw, dance, or whatever. Some are awful, some are acceptable (average) and some are great. Not all can be great at everything, just like not all are bad at everything. It has absolutely nothing to do with us because the Holy Spirit gives gifts as He will. It does not make one person greater or less than another; it simply makes one person different from another. Sharing my gift with you adds to you, and yours with me, makes us both more complete, able to enjoy all of God's gifts.

God loves each one of us the same because in His eyes we all are great. He does not give one a bad voice and wince when they sing to Him, or another no ear for music so that their violin playing is painful, etc. We do that. He does not.

We think in such small ways, such prejudicial, judgmental attitudes. We decide who looks good and who does not. We decide who sounds good and who does not. We decide what is good and what is not. Perhaps this is the greatest evil of the tree of knowledge of good and evil...the predisposition to decide what is good and what is evil, forgetting everything and everyone God creates is good. It simply gives us a perverse, prejudiced view of things, a view that compares all to my tastes, my opinions. This is what has divided the world into so many groups, locking each one inside their borders. This is why so many genocide or "cleansing" wars have occurred in the last hundred years: Armenia, Srebena, Bosnia-Herzegovina, Rwanda, Burundi, Cambodia, Bangladesh, etc. claiming more than 23,000,000+ members of the Bride. Let me add that, in the USA alone, 53,227,874+ members of the Bride have been murdered through abortion since 1973 simply because we decide what is good and what is evil.

When God created Lucifer He did not create evil, but good. However, it was Lucifer who made himself ugly and evil. It was Lucifer who began to question the good of God and deciding for himself what was good and evil. In fact, it is evil that is ugly...not lack of talent, ability or appearance.

I constantly have to check my natural, learned, first instinct thoughts about people. I was walking in the mall yesterday and passed a young woman with 4" heels on black, faux fur boots. My immediate thought was how ridiculous the boots looked. The Holy Spirit immediately checked me and impressed on me several things. Firstly, the person who designed those boots thought the design was terrific. Secondly, this young girl thought those boots looked wonderful and wore them with pride. Because I did not like them nor would I wear them (I fall off a 1" heel) did not make them ugly. We are not all the same nor do we all have the same taste because God is a God of variety. We need to celebrate our differences and stop condemning those people who are different, and the different things they may do.

But back to singing and *sound vibration*.

I was recently quite upset by what I saw at a school talent show. There was one girl (perhaps 16) introduced with pride as a great talent, and addition to their singing team. They continued extolling her musical abilities for several minutes. But this little girl, who should have been as innocent as the other

girls, sang a hot, sexually suggestive song making her appearance and voice quite ugly and disquieting. I am very sure her voice was wonderful, but all the other voices in her were not and they changed what I heard.

We all have a voice – good or bad. But it is our voice in combination with all the combined voices of our cells that produce the sound God hears. It is this combined voice that creates a *sound vibration* that moves out into all 3 heavens.

I see this *sound vibration* emitting from everyone, everything. In fact, if we are to believe the Genesis account of creation, everything is actually sound not matter. And every sound has its own color unlike what we see through natural eyes. We see skin color, eye color, etc. but sound has a different look. It swirls with color, like a melody of different sounds together joining into one. I think Van Gogh, who was a missionary, had the ability to see this sound as he painted with an “alive” energy. Perhaps this is what drove him crazy enough to cut off half of his own ear out of despair when his friend left. Did he no longer want to hear his sound?

Now, envision this *sound vibration* going out and joining together with everyone else’s *sound vibration*. That *sound vibration* is a force. Jesus said, “Again I say to you, that if two of you agree on earth about anything that they may ask, it shall be done for them by My Father who is in heaven.” Two people coming together and agreeing produces a force of word—a sound that reaches the throne of God and He moves on that unity of spirit, of heart and mind. He loves the color unity produces.

The color of unity is white. The color white is actually the blending of all colors whereas black is the absence of all color. This is why the Bible describes Jesus dressed in white, the Father who sits on the throne of all creation is dressed in white, has white hair and a white beard. White is the unity of all our hearts, souls and bodies in unison with the Godhead. White is the color of robes of righteousness. It has nothing to do with the color of the skin as the world deems it...in Africa they are now performing albino-genocide because it is believed that the power contained within the coveted albino skin is great.

See it moving out of you and joining with others and moving through all 3 heavens. Now envision this force joining the force of hundreds, thousands and millions of other people...spreading out to the 3 heavens—a force of love, worship, appreciation, creative power....

Imagine an entire world filled with the unified Bride and that entire *sound vibration* moving through all 3 heavens. What would be the effect? In the natural first heaven life and multiplication would be overabundant. In the heavenly third heaven there would be peace from unceasing prayer and angelic workings, and joy unspeakable as all the inhabitants would be endlessly rejoicing. In the hellish second heaven there would be much weeping and gnashing of teeth. In the pit they are planning the next assault on mankind when they get out at the end of their 1,000 year imprisonment.

This unified *sound vibration* is a powerful force; it is creative, restorative and refreshing. It is a force to be reckoned with, as it blasts its way through all three heavens.

We are a product of sound. We were all created from sound, by sound and formed out of sound. Genesis shows us that everything was created by the word of God. There is power in the words that we speak and sing. But there is power in the words that are spoken or sung by every cell in our body.

In Genesis we see that the blood of Abel cried out from the ground and God heard it. It means that the blood had a voice...or millions of voices depending how much blood was shed. Regardless, God Himself says that spilt blood cries out to Him calling for justice. In order for blood to cry out, blood must have a voice.

But I want to delve into this *sound* as God sees it. Just what does God hear? And how does He hear?

Prov 15:29 The LORD is far from the wicked, but **He hears the prayer of the righteous.** (NKJ)

The word far is from the word *rachowq* which means remote time or place, distant lands, distant ones and comes from the root word *rachaq* which means to become distant, to be removed, to be sent far away.

The wicked distance themselves from the Lord in time and place. They remove themselves away from Him.

Ps 34:15 **The eyes of the LORD are on the righteous,** and **His ears are open to their cry.** (NKJ)

Righteous comes from the word *tsaddiyq* which means just, and comes from the root word *tsadaq* which means to have a just cause, to be in the right.

The Lord hears those who have a just cause and are in the right. His ears are open, not closed.

When my mother was alive she had a peculiar ability. She could actually cut out the sound of anyone she did not want to hear. I would be talking for 20 minutes to her without any response so I would call her sharply to get her attention. She invariably would tell me that, "Oh. I had cut you off. I wasn't listening." It was an amazing thing to watch. She could do it at any time...to anyone.

But what opens the ears of the Lord? First, His eyes are on the righteous already. It is because His eyes are on the righteous that His ears are open to hear their cries.

Ps 66:18 **If I regard iniquity in my heart, the Lord will not hear.** (NKJ)

Iniquity comes from the word *`avon* which means perversity, depravity, guilt, moral evil and comes from the root word *`avah* which means to bend, to twist, to distort.

The Lord will not hear you if your motives are not pure or right because you are asking Him to bend, twist or distort truth, right and justice. It is the iniquity in our heart (our motives) that changes the color of our words. It taints the color of our words making them un-white (unjust, unrighteous, unholy).

Ps 145:18 **The LORD is near to all who call upon Him, to all who call upon Him in truth.** (NKJ)

Near comes from the word *qarowb* which means near in place, personal relationships or time, and comes from the root word *qarab* which means to approach or draw near.

The word truth comes from the word *'emeth* which means stability, certainty, faithfulness, trustworthiness, reliability and comes from the root word *'aman* which means to support, to confirm, to be faithful.

The Lord is near in time and place, has a personal relationship and draws near all who call upon Him in certainty, faithfulness and trustworthiness that confirm and support His will.

His will for us is good. He created everything for our good. When we come into unity with His will for good towards ourselves or others then we come into unity with His will and support His will, co-laboring with Him to create good and therefore fulfilling our position as Bride. In this case, our prayers are white because they are in unity.

John 9:31 "Now we know that God does not hear sinners; **but if anyone is a worshiper of God and does His will, He hears him.** (NKJ)

James 5:16 Confess your trespasses to one another, and pray for one another, that you may be healed. The effective, fervent prayer of a righteous man avails much. (NKJ)

The word fervent is from the word *energeo* which means to be active, efficient, to be operative, be at work, put forth power; to work for one, to aid one, to effect, to display one's activity, to show oneself operative. It is from the root words *energes* which means active, operative (from *ergon* which means to work, toil as an effort or occupation, business, employment, what anyone is occupied with, that which one undertakes to do, an enterprise, an undertaking) and *en* which is a primary preposition denoting fixed position in place, time or state, and instrumentality, i.e. a relation of rest

Sin is sin. We all do it. But we need to be transparent before God and before each other. This does not mean that I need to confess to you all the things I have done in my past (although it seems to come out regularly) but it does mean if I have trespassed against you, I need to confess that so the enemy has no legalities allowing him access. In other words, if I confess my trespass to you, there are no longer open doors for the enemy to drive a wedge between us, divide us, causing offence, which is sin. We all sin. So what? Confess it and ask for forgiveness. Repent and get rid of the spirit that instigated the sin so it doesn't set up house. Now continue on the path of righteousness.

Confession and repentance brings unity with each other and God. Confession and repentance is the only way to become righteous. All the prayers in the world, all the charitable giving, all the good works will not make you a righteous person. Only confession and repentance alone will bring forgiveness, healing, righteousness, incorruptibility and immortality.

Now let's look at the way we pray. There are 2 reasons we do not have answered prayer.

James 4:3 You ask and do not receive, because you ask amiss, that you may spend it on your pleasures. (NKJ)

The word amiss comes from the word *kakos* which means badly, to speak ill of, to revile one and comes from the root word *kakos* (yes it looks the same as above) which is a primary word meaning worthless, injurious.

We do not receive because we ask for things badly with worthless or injurious motives, not according to God's principles.

There are 3 parts to being human: spirit (given by God to keep us alive, not the Holy Spirit), body (made originally from the earth) and soul (the summation of our life experiences and the essence of who we are). Let's look at this scientifically.

People pray all the time but they are not necessarily heard by God. Why? Well, Jesus tells us that if 2 or 3 come into agreement as touching any one thing....

Let's view this statement in terms of the individual. If I cannot even come into agreement with myself, how can I ask God to come into agreement with me? Abraham was heart-broken when he heard about the destruction of Sodom and Gomorrah. His nephew and great-nieces/nephews lived there. He bartered with the Lord to save Sodom and Gomorrah, getting the Lord to agree that if there were 10 that were righteous, God would spare the cities. Lot and his family were raised in the same family as Abraham who was a friend of God. They had been taught the same values and ethical morals. Abraham must have expected that Lot raised his family the same way. Most of them were probably already born before ever going to Sodom and Gomorrah. I am assuming that the ten Abraham bartered for were "righteous" Lot, his wife, 4 children, their spouses and children. I am not entirely certain how the family was composed but I suspect there were 10 in all. And surely he expected that they were still righteous.

How devastating for Abraham to realize, while watching the clouds of judgment rise, that Lot's family were no longer righteous.

Abraham could barter with the Lord because his cause was just and his heart was right. His body, soul and spirit were in agreement with the heart of the Lord in this matter – the Lord is quick to save and slow to call down judgment. There was unity within Abraham before he asked and his unity within himself was in tune with the heart of the Lord.

This is why when I pray for a million dollars, nothing actually happens. My words are not in agreement with my spirit. They are not even in agreement with my soul. So I can deduce that it is only my body that desires a bunch of money because it would like the ease of lifestyle wealth provides. So if my soul and spirit cannot even come into agreement with my body, then why should the Lord listen to me? I can't even come into agreement with myself.

We need to be more diligent, more aware of what and how we pray. The first thing that I hear too often is begging. We are the sons of God, His chosen Bride, His joint heirs! We need to know and speak in the authority of Jesus, our husband. We need to be in agreement with ourselves – does our prayer line up with all 3 arenas: soul, spirit and body? We need to make sure that we are in agreement with the Godhead. Does our prayer actually line up with what God would have for us...because He sees the big picture and so takes all into consideration.

I want wealth. What are God's principals for attaining wealth? Tithing and freely giving offerings. We think or justify our desire for wealth by saying, "If God gives me x,000,000\$\$, then I will use it to help this person and that person", regardless of what God might be doing in their lives. But the truth is, wealth, or rather the pursuit of money, divides more families, destroys more friendships than any other thing. Because as soon as we get money we change. We didn't mean to, and we don't actually really change because what we become is actually what we already were. We pray for money but we do not take the steps God sets out to get it – give. We pray for money but we cannot even come into agreement with our own words, heart, motives, soul and spirit about why we actually want the money. I

would say that when we pray for money in this manner, our prayers are sordid and black with the total absence of color (life).

The color of our lives reveal the heart like a snitch to the enemy.

Now let's get to the science of sound. Sound can only move through matter (air is matter). Unlike light, it cannot move in a vacuum. Sound is a waveform. We cannot only hear sound, we feel sound. Where light sustains life, sound changes life because it causes the molecule next to it to vibrate and move.

The eyes of the Lord are on the righteous but He is far from the wicked. This puts us into His *line of sight*.

There are certain natural laws that exist. Gravity, for example, is not consistent. It changes depending on the environmental medium. The same gravitational pull is different on land, in water or in space. Light, though we think of it as a straight line, can actually be bent by the gravitational pull on it. This is what happens when dark matter influences light. It too travels at a different speed affected by it's medium.

Our eyes are a good example. God is so amazing. Have you ever wondered why our eyeballs are filled with liquid? Well, we cannot see at the speed of light but the speed of light does not change to accommodate us. So God created eyeballs. As light enters our eyeballs traveling at it's high speed, it is immediately slowed by the liquid, dispersing, so that it hits the cones and rods of our retina. Without that liquid, we would not be able to analyze or see anything.

There are 18 basic physical laws. Every one of these laws is proved or disproved by mathematics and they are changed, kept or discarded according to the latest revelation or discoveries.

But sound is consistent. Sound travels in a straight line and so our hearing depends on *line of sight*. This is why we have satellites above the earth to accommodate global communications. In other words, if something obstructs the sound, it steals or absorbs the sound so we do not hear it. Have you ever tried to watch satellite TV when it is heavily overcast or there is a storm? The picture has invisible or missing blocks on the screen and the sound is garbled. This is because *line of sight* is broken. This is why I must get away from the northwest!

Therefore, if we are not in the *line of sight* we do not hear. Sound depends on *line of sight*. But what does this mean Biblically. (I do know about NON-LOS but don't want to get too complicated.)

His eyes are on the righteous—*line of sight*. He establishes *line of sight* with us so He does not miss one word. He is near to us. He draws us near to Him to hopefully establish *line of sight* for us.

Remember iniquity means pervisity which comes from the root to bend, to twist, to distort?

It is funny how the same meaning for iniquity is also the basic concept of dark matter bending light. Dark matter distorts what we see; it interrupts our *line of sight*. Iniquity bends, twists and distorts truth and justice which establishes that precious *line of sight*.

What example do we have of this spiritual aspect of a natural law?

Well the story in Daniel 10 brings this to light in an amazing way. *Line of Sight*: Daniel had a just cause, his prayer was righteous. His soul, spirit and body were in agreement (he did not eat of the king's table, he prayed to God despite the laws of the land, his heart was in agreement with the Spirit of God within him) as he prayed to the Lord about a burning question concerning Israel. When Daniel prayed he was immediately heard by the Lord for the Lord was near him. The Lord is always ready to hear us and lets nothing stand in the way. The Lord immediately answered by sending Gabriel to go to Daniel and tell him the answer he sought. But, the Prince of Persia stepped between Gabriel and Daniel for 21 days until help came. Daniel's *line of sight* was broken.

Now, the interesting thing was that the line of sight between God and Daniel was not broken from God's point of view, but it was from Daniel's point of view. I am not suggesting that Daniel was not a righteous man. I am suggesting that we too easily let Lucifer interfere with our *line of sight* robbing us of our answers, visions, dreams, hearing, life, etc.

I realize Daniel did not have the benefits of hearing/seeing because he did not have the Holy Spirit. But the same applies to us today when we do have the Holy Spirit. What things do we let interfere with our hearing/seeing? They both work on *line of sight*. Could this be behind misunderstandings, or communication breakdowns, when what is said by one and heard by the other are not the same? Selah.

Daniel did not know how to pray to help Gabriel in his fight against the Prince of Persia. He did not understand some spiritual principals. This did not change how much God loved him. But it did affect his spiritual effectiveness. It did not change his resolve and steadfast faithfulness. His faith is not in question. But perhaps he could have heard 21 days earlier had he been aware.

What interferes with our line of sight of the Lord? Obviously, the kingdom of Satan.

Let's look at the Prince of Persia.

The Medes and Persians came from the third son of Japheth. The Medes established the unification of Persia (Iran) as a nation. In fact, the country remained known as Persia until 1935 when it became Iran, the 18th (...btw..18 is the number of bondage) largest country in the world.

Babylon was stirred against Israel because of Israel's sins. God then stirred the Medes to overthrow Babylon. Then the Persians conquered the Medes. And the Persians were the first people in history who believed it was their "holy religious duty" to conquer the world. Caesar, Chin, Alexander, Nebuchadnezzar and others all conquered the world for power, but Cyrus thought it was his religious duty to enlighten the world with Zoroasterianism. This new religion that turned the world upside down rippled into Judaism but infiltrated Christianity with a vengeance.

In Biblical times, Persia had 127 provinces (the completeness of the divine period of probation). Persia was the most organized country in the world, known for its law and establishment of religion. It was divided into 20 satrapies (Jezebel law). The government established communication and universal awareness through the construction of an extensive road system. They were the first to actively pursue the complete genocide of the Jews through Haman.

As an aside, it is interesting to note the similarity between Cyrus and Hitler. Hitler thought it was his religious duty to conquer the world in the name of the Aryan Teutonic religion. He sought to aggressively eradicate Jewish blood through genocide. He conquered 22 countries (Jezebel). The first

country he conquered was his own. Just as Cyrus, who lived in a small province of Persia, had to conquer the entire country.

An amazing fact. The 11 gallows where Haman and his sons were hanged, was a direct prophesy of the trial of Nuremburg. There was even a time date added in the original Hebrew which translates into the Gregorian calendar 1945. After WW II, 12 men were convicted for the crimes of the 3rd Reich: 1 was convicted in absentia and successfully eluded capture; 11 gallows were prepared for the condemned men - 1 escaped hanging by committing suicide the night before.

The Persians conquered by sheer strength and ruled by unchangeable law. They also had an elite army called the Immortals who were always 10,000 soldiers strong. Interestingly enough, 10,000 stands for the Glory of God in Divine Completeness x law. Cyrus conquered replacing the Glory of God with law. Hitler ruled the same way through his SS.

The kingdom of fallen angels, the Satanic kingdom, also functions by law. They have a passion to eradicate the Bride of Christ through genocide. Like Hitler, they go after the blood line of God's people...and they have been doing this for 6,000 years.

So what blocks our seeing and hearing the Lord? It is our *line of sight*...blocked by our own Prince of Persia. We all have spirits in our life that consider it their religious duty to conquer the world and destroy God's people. And they hide in our generational line because they are intent on destroying our inheritance and making sure we never walk into the fullness of our position as Bride.

They are Satan's kingdom. We can do only one thing – recognize the enemy and cast them to the pit. We cannot kill them, but we can get rid of them by sending them to prison for 1,000 years. Praise the Lord that He has given us that tool to freedom and clean lives so we can hear and see Him. Praise the Lord that we can ask Him, the Holy Spirit, to fill up the vacant places released from enemy control, restoring our line of sight.

The final piece is that the Lord hears all those who call on Him in truth. That is the key to deliverance and freedom. We need to be truthful. So what is the truth? The truth is that you are created perfect according to God's design for you, but the enemy has slipped in through the family bloodline via millennia of choices. The enemy hiding in your body is not you...he is an enemy hiding in the Promised Line, and since he came in through your generational line, he was there like the Canaanites, Hittites, etc. Separate yourself from the enemy and claim your inheritance as a pure, clean, free Bride of Christ.

Truth is confession and repentance, being honest with yourself, God and others. There is no shame in what has been done, only in choosing to allow it to stay.

Father God, I praise You and thank You that You have known from the beginning what would happen, not only events but with our individual lives. You gave us the keys to be free.

Matt 16:19 "And I will give you the keys of the kingdom of heaven, and whatever you bind on earth will be bound in heaven, and whatever you loose on earth will be loosed in heaven." (NKJ)

We bind now every spirit of interference that gets between You and I so that I cannot see or hear. Father, I bind these spirits by breaking their power in my life and cancelling their assignment in my life and I send them to the pit where they will be bound for 1,000 years. Father, you have given me that key.

Rev 20:1-2 Then I saw an angel coming down from heaven, having the key to the bottomless pit and a great chain in his hand. He laid hold of the dragon, that serpent of old, who is the Devil and Satan, and bound him for a thousand years; (NKJ)

And I loose Your love in me that it may flow freely and with power. As I remove the stones that block the flow of the fountain of your love within me, let it fill me and overflow onto others. Lord, I loose the power of the Holy Spirit – I will no longer restrain You with my prejudices and misconceptions, but I will free you to work in my life and through me according to Your will.

This is the kingdom of heaven – bind the enemy in the pit and loose the Holy Spirit in my life. Lord, as You have instructed, let it be done.

Father, You gave us the ability to look into Your face and hear Your voice. Jesus died to restore this kingdom life to us all. You gave us that opportunity, that ability, that mercy and grace. You have created everything, You hold all of us in the palm of Your hand, You love us so much that you keep us in Your *line of sight* always. You stay near because we are learning only now how to be righteous and holy. Teach us how to keep You in our *line of sight*. Teach us, oh Lord, what is required and how to get totally free from the grasp of the enemy. Free me Lord. Teach me what I need to know. Free me to be Your Bride, that is who I am created to be. In Jesus' name, amen.

God bless you all
Jessica and Susan
